

hanit® ECO SLAB

Closed or slotted

There's no need to let an outdoor event ruin your lawn! hanit® eco slabs provide effective ground protection inside marquees or for events, exhibitions and trade shows. Strong, durable, lightweight and easy to install or remove.

Material:

hanit® Recycled Plastic

Dimensions:

46 x 40 x 4 cm

Requirement/ m²:

Approx. 7 slabs

Model:

Hexagonal

Available with or without water drainage slots

With connecting hooks (3 hooks per slab)

Advantages:

Easy to install

Secure support thanks to connecting hooks

Frost-, UV- and weather-resistant

Ideal for the construction of temporary surfaces

Easy to transport due to low weight

Available with or without water drainage slots

Please note:

This product consists of recycled plastic. Deviations in surface structure can not always be avoided. Please consider temperature-caused length variations (up to +/- 1.5%) when installing the product.
